### THE WOOL DUTY.

How Free-trade Will Affect the

Commercial Gazelle.

The reduction of wool duties has taken place at last, and we shall see whether the people at large are to be so enormoutly beneficed as the Democracy have promised. One thing is certain, there is to be a reduction of revenue to the extent of many million dollars a year, and there is no doubt that there is to be a rapid slaughter of sheep, and one of the isanderies that needs Protection is shout to suffer by daily contact losses that have to some extent been anticipated. Canada has enjoyed the blessings of Free trade, or nearly so—her duty on wool being, only three cents a pound—and the state of Montana slone produces more wool than Canada—Montana 17,000,000 pounds. The growth of our wool product was considered to the state of the control of the state of the control of the state o

The difference in the cost of the cloth by reason of the wool duty, would be about one fifth of that percentage of 38 9. So that in no case would the cost of this suit of clothes be varied by the removal of the wool duty by more than 5.8 percent.

McKINLEY AND WILSON ABROAD.

In 1890 William McKinley was burned in effey in the English manufacturing city of Sheffield; but in 1894 William L. Wilson was dined and wined in London because he is the author of a Free-trade Tariff Bill. These are significant facts.

THE delinquent tax list in Brown county, O., this year is the largest even mown.—Bulletin.

Exense the inquiry, but isn't Brown a Democratic county, and isn't this a Democratic year?

NEWPORT has two Police Judges, demoralized police administration and an epidemic of robberies. The Demo-cratic Police Judge claims that he has two years louger to serve and refuses to way to the Republican elected to sed him. How these Democrats do hold on to the offices, to be sure!

THE LEDGER denies the story about the Republican Committee of Lewis county being sued on that campaign whisky bill. The Committee paid (they?—Flemingsburg Times-Democrat.

Is it out of your line to tell the truth? THE LEDGER never decided any such thing. It was Messrs. Clark Bros., to some liar said that the amount was due, that denied the story over their own signature; and THE LEDGER printed the denial as coming from them.

It is the Republican contention that he two bond issues contributed to paying the Government's expenses instead of being exclusively used to maintain the gold reserve, and that the present critical situation is not due as much to the currency laws which provide for the redemption of legal tenders as it is to the failure of the Democratic Tariff Law to provide sufficient revenue Treasury figures show this.

It appears that when the Jeunocrats took charge of the Government in 1988 the cash balance was \$152,000,000, or \$25,000,000 more than when the Democrats took control. Outside of the revenues, the bond issues have brought in \$116,000,000, of which \$16,000,000 was premium. It is thus seen by subtracting M.C. Russell & Son the \$25,000,000 excess from the funds obtained by the bond issues that the Treasury has used \$91,000,000 of the bond money for current expenses, indi-cating a total deficiency of that amount. If the bond money had been used only for the reserve, no matter how much goid was exchanged for greenbacks, the present cash balance would be \$116,000,-000 more than it was in March, 1893.

tieed, and Whole Villages Literally. Esterminated—The Orders of the Marassers Dictated by the Suites.

Beavon, Jist. —The following letter, dated Athreth. December 16, has been received in Boston from an Armenian native of Sassoun, the seat of the recent massacre:

At last we have escaped from the barbarity and atrocity of the Turks and have arrived in Athreth. One the December of the Sassoun, the seat of the seat of the Company of the Sassoun, the seat of the seat of the Sassoun, and the seat of the Sassoun, and it is possible that the cannon of Turkish soldiers are still doing their bloody work there. Every-body knows that the orders of the season of the Sassoun, and pleading women and little children all together, old and young, have been ascrifted by the swords of Turkish soldiers. They besieged the Juliage from the last of April until the weeks we fed on vegetables and the roots of grasses.

The first few weeks we were bitterly cold and existence was tertible. All communication was cut off. The Turks auspected that other villages resided that other villages for the week of the season of the Sassoun, and the roots of grassed that other villages. The villages resisted and hundreds of them were killed. Of the 325 houses which made upthe villages of Vartiness, only thirty-free were left standing.

When the news of this massacreband was a season of the robes and succeeded in killing 19 of them. Then more amountion and soldiers were sent there, and a devillable work as begun a three was begun. The chief of the ribes and succeeded in killing 19 of them. Then more amountion and soldiers were sent there, and a devillable work as begun a trained the regular soldiers, came to the village of Semal-Many of the Inhabitants, after suffering atrocious creatiles, were to the village of Semal-Many of the Inhabitants, after suffering atrocious results, were sent to all the number killed in this battle work to prevent the soldiers and succeeded in the animal together. In all, the number killed in this battle.

shot him and the animal together. In all, the number killed in this battle was 48. This devility was by no means the worst perpetrated. The greatest horror was at the village of leigh-duse. Celo Rey and his men entered the willage before daybreak, and while the inhabitants were peacefully the inhabitants were peacefully the inhabitants were peacefully the willage before a similar fast, all the second will be a similar fast, all the people being killed. The tribe of Karals knows as Gebren, bended by Chief Ebo, and accompanied by Tarkshooliders, entered the village of women in the church. After defling women in the church. After defling them in the most revolting manner, they alse them. The soldiers spent the night in the village in revely and debanchery.

Two other tribes, those of Parkran

debanchery.

Two other tribes, those of Parkran and Khisan, came against the village of Alpak. They collected all the heris and flocks and drove them off. They then returned and hurned the whole village.
